# **Intelligent transport systems — Reference model architecture(s) for the ITS sector**

---

Part 5: Requirements for architecture description in ITS standards

## National foreword

This British Standard is the UK implementation of ISO 14813-5:2020. It supersedes BS ISO 14813-5:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
