Intelligent transport systems — ITS data dictionaries

Part 3: Object identifier assignments for ITS data concepts

National foreword

This British Standard is the UK implementation of ISO 14817-3:2017.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
