

Space data and information transfer systems — Cross support reference model — Space link extension services

ICS 49.140

National foreword

This British Standard is the UK implementation of ISO 15396:2007. It supersedes BS Z11:1998 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee ACE/68, Space systems and operations, to Panel ACE/68/-/7, Space systems and operations — Space data and information transfer systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2007
