

BS ISO 16000-28:2012

BSI Standards Publication

Indoor air

Part 28: Determination of odour emissions
from building products using test chambers

National foreword

This British Standard is the UK implementation of ISO 16000-28:2012.

The UK participation in its preparation was entrusted to Technical Committee EH/2/3, Ambient atmospheres.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
