Plastics — Determination of average molecular mass and molecular mass distribution of polymers using size-exclusion chromatography

Part 4: High-temperature method

National foreword

This British Standard is the UK implementation of ISO 16014-4:2012. It supersedes BS ISO 16014-4:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
