Pulps — Determination of fibre length by automated optical analysis

Part 2: Unpolarized light method

National foreword

This British Standard is the UK implementation of ISO 16065-2:2014. It supersedes BS ISO 16065-2:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PAI/11, Methods of test for paper, board and pulps.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
