Fire safety engineering — Selection of design fire scenarios and design fires

Part 1: Selection of design fire scenarios

National foreword

This British Standard is the UK implementation of ISO 16733-1:2015.

The UK participation in its preparation was entrusted to Technical Committee FSH/24, Fire safety engineering.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
