

Ships and marine technology — Stud-link anchor chains

ICS 47.020.50

National foreword

This British Standard is the UK implementation of ISO 1704:2008.

The UK participation in its preparation was entrusted by Technical Committee SME/32, Ships and marine technology — Steering committee, to Panel SME/32/-/4, Ships and marine technology — Outfitting and deck machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2008
