BSI Standards Publication

Water quality — Determination of arsenic and antimony

Part 2: Method using hydride generation atomic absorption spectrometry (HG-AAS)

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 17378-2:2014. It supersedes BS EN ISO 11969:1996 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/3/2, Physical chemical and biochemical methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
