

Gas cylinders — Refillable welded stainless steel cylinders —

Part 1: Test pressure 6 MPa and below

ICS 23.020.30

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 18172-1:2007.

The UK participation in its preparation was entrusted by Technical Committee PVE/3, Gas containers, to Subcommittee PVE/3/3, Transportable gas containers — Cylinder design, construction and testing at the time of manufacture.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
