

Carbon-fibre-reinforced plastics — Determination of compression-after-impact properties at a specified impact-energy level

ICS 83.120

National foreword

This British Standard is the UK implementation of ISO 18352:2009.

The UK participation in its preparation was entrusted to Technical Committee PRI/42, Fibre reinforced thermosetting plastics and prepregs.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 September 2009
