

BSI Standards Publication

Soil quality — Sampling

Part 205: Guidance on the procedure for investigation
of natural, near-natural and cultivated sites

National foreword

This British Standard is the UK implementation of ISO 18400-205:2018.

The UK participation in its preparation was entrusted to Technical Committee EH/4, Soil quality.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
