Fluid power — Specification of reference dictionary

Part 1: General overview on organization and structure

National foreword

This British Standard is the UK implementation of ISO 18582-1:2016.

The UK participation in its preparation was entrusted to Technical Committee MCE/18, Fluid power systems and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
