

BSI Standards Publication

Mining and earth-moving machinery — Rock drill rigs and rock reinforcement rigs

Part 2: Safety requirements

National foreword

This British Standard is the UK implementation of ISO 18758-2:2018.

The UK participation in its preparation was entrusted to Technical Committee MRE/1, Mining mechanical equipment and machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
