

BSI Standards Publication

Hydraulic fluid power — Test methods for couplings actuated with or without tools

National foreword

This British Standard is the UK implementation of ISO 18869:2017. It supersedes BS ISO 7241-2:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/18/-/4, Connectors and associated components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
