

BS ISO 18886:2016

BSI Standards Publication

Refractory test-piece preparation — Gunning refractory panels by wet gunning techniques

National foreword

This British Standard is the UK implementation of ISO 18886:2016.

The UK participation in its preparation was entrusted to Technical Committee RPI/1, Refractory products and materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
