

BSI Standards Publication

Gas turbine combined cycle power plants — Thermal performance tests

National foreword

This British Standard is the UK implementation of ISO 18888:2017.

The UK participation in its preparation was entrusted to Technical Committee MCE/16, Gas turbines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
