

BSI Standards Publication

Geographic information — Geodetic references

Part 1: International terrestrial reference system (ITRS)

National foreword

This British Standard is the UK implementation of ISO 19161-1:2020.

The UK participation in its preparation was entrusted to Technical Committee IST/36, Geographic information.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
