

BSI Standards Publication

Road vehicles — Test devices for target vehicles, vulnerable road users and other objects, for assessment of active safety functions

Part 2: Requirements for pedestrian targets

National foreword

This British Standard is the UK implementation of ISO 19206-2:2018.

The UK participation in its preparation was entrusted to Technical Committee AUE/15, Safety related to vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
