Resilient floor coverings — Specification for floor coverings based on thermoplastic polymers

National foreword

This British Standard is the UK implementation of ISO 19322:2018.

The UK participation in its preparation was entrusted to Technical Committee PRI/60, Resilient and Laminate Floor Coverings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
