

BSI Standards Publication

Structures for mine shafts

Part 7: Rope guides

National foreword

This British Standard is the UK implementation of ISO 19426-7:2021.

The UK participation in its preparation was entrusted to Technical Committee MRE/1, Mining mechanical equipment and machinery.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
