

BSI Standards Publication

**Fertilizers and soil conditioners —
Determination of monosilicic acid concentrations
in nonliquid fertilizer materials**

National foreword

This British Standard is the UK implementation of [ISO 19747:2020](#).

The UK participation in its preparation was entrusted to Technical Committee CII/37, Fertilisers and related chemicals.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
