Steels, nickel alloys and cobalt alloys investment castings — Visual testing of surface quality

National foreword

This British Standard is the UK implementation of ISO 19959:2020. It supersedes BS ISO 19959:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/111, Steel Castings and Forgings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
