Pneumatic fluid power — Assessment of component reliability by testing

Part 5: Non-return valves, shuttle valves,
dual pressure valves (AND function), one-
way adjustable flow control valves, quick-
exhaust valves

National foreword

This British Standard is the UK implementation of ISO 19973-5:2015.

The UK participation in its preparation was entrusted to Technical Committee MCE/18, Fluid power systems and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
