

BSI Standards Publication

Natural rubber latex concentrate — Centrifuged or creamed, ammonia-preserved types — Specifications

National foreword

This British Standard is the UK implementation of ISO 2004:2017. It supersedes BS ISO 2004:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/50, Raw materials (including latex) for use in the rubber industry.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
