Automation systems and integration — Evaluating energy efficiency and other factors of manufacturing systems that influence the environment

Part 1: Overview and general principles

National foreword

This British Standard is the UK implementation of [ISO 20140-1:2019](#). It supersedes [BS ISO 20140-1:2013](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AMT/5, Industrial architectures and integration frameworks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
