Fine bubble technology — Water treatment applications

Part 1: Test method for evaluating ozone fine bubble water generating systems by the decolorization of methylene blue

National foreword

This British Standard is the UK implementation of [ISO 20304-1:2020](#).

The UK participation in its preparation was entrusted to Technical Committee LBI/50, Fine Bubble Technology (FBT).

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
