Solid mineral fuels — Determination of total sulfur by Coulomb titration method

National foreword

This British Standard is the UK implementation of ISO 20336:2017.

The UK participation in its preparation was entrusted to Technical Committee PTI/16, Solid mineral fuels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
