

BSI Standards Publication

Information and documentation — Data exchange protocol for interoperability and preservation

National foreword

This British Standard is the UK implementation of ISO 20614:2017.

The UK participation in its preparation was entrusted to Technical Committee IDT/2/7, Computer applications in Information and Documentation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
