

BS ISO 20806:2009

BSI Standards Publication

Mechanical vibration — Criteria and safeguards for the in-situ balancing of medium and large rotors

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 20806:2009. It supersedes BS ISO 20806:2004 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GME/21/5, Mechanical Vibration, shock and condition monitoring - Vibration of machines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
