

Ships and marine technology — Maritime port facility security assessments and security plan development

ICS 47.020.99

National foreword

This British Standard is the UK implementation of ISO 20858:2007. It supersedes PD ISO/PAS 20858:2004 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee SME/32, Ships and marine technology — Steering committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 December 2007
