

BS ISO 21067-1:2016

BSI Standards Publication

Packaging — Vocabulary

Part 1: General terms

National foreword

This British Standard is the UK implementation of ISO 21067-1:2016. Together with BS ISO 21067-2:2015, it supersedes BS ISO 21067:2007 which is withdrawn.

Attention is drawn to the fact that BS ISO 21067-2:2015 is withdrawn. The UK Technical Committee is of the opinion that there are conflicts between the definitions used in BS EN 13193:2000 and BS ISO 21067-2:2015. BS EN 13193:2000 cannot be withdrawn whilst the CEN series of packaging and the environment standards, BS EN 13427–13432, remain current.

The UK participation in its preparation was entrusted to Technical Committee PKW/0, Packaging.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
