Air cargo unit load devices — Performance requirements and test parameters

National foreword

This British Standard is the UK implementation of ISO 21100:2020. It supersedes BS ISO 21100:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/57, Air cargo and ground support equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
