

BSI Standards Publication

Intelligent transport systems — Station and communication architecture

National foreword

This British Standard is the UK implementation of ISO 21217:2020. It supersedes BS ISO 21217:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
