Corrosion of metals and alloys — Guidelines for assessing the significance of stress corrosion cracks detected in service

National foreword

This British Standard is the UK implementation of ISO 21601:2013.

The UK participation in its preparation was entrusted to Technical Committee ISE/NFE/8, Corrosion of metals and alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
