

BSI Standards Publication

**Ships and marine technology — Full-scale test
method for propeller cavitation observation
and hull pressure measurement**

National foreword

This British Standard is the UK implementation of [ISO 22098:2020](#).

The UK participation in its preparation was entrusted to Technical Committee SME/32, Ships and marine technology - Steering committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
