

BS ISO 22369-2:2010

BSI Standards Publication

Crop protection equipment — Drift classification of spraying equipment

Part 2: Classification of field crop sprayers
by field measurements

National foreword

This British Standard is the UK implementation of ISO 22369-2:2010.

The UK participation in its preparation was entrusted to Technical Committee AGE/15, Equipment for crop protection and application of liquid fertilizer.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
