

BSI Standards Publication

**Rubber, vulcanized or thermoplastic —
Determination of tension set under constant
elongation, and of tension set, elongation
and creep under constant tensile load**

National foreword

This British Standard is the UK implementation of [ISO 2285:2019](#). It supersedes [BS ISO 2285:2013](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/22, Testing and analysis of rubber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
