

BSI Standards Publication

Surface active agents — Fabric conditioners — Determination of antistatic performance

National foreword

This British Standard is the UK implementation of ISO 23324:2020.

The UK participation in its preparation was entrusted to Technical Committee CII/34, Methods of test for surface active agents.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
