

BSI Standards Publication

Assistive products for blind and vision-impaired persons — Tactile walking surface indicators

National foreword

This British Standard is the UK implementation of ISO 23599:2019.

The UK participation in its preparation was entrusted to Technical Committee CH/173, Assistive products for persons with disability.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
