Rubber — Determination of ash

Part 2: Thermogravimetric analysis (TGA)

National foreword

This British Standard is the UK implementation of ISO 247-2:2018.

The UK participation in its preparation was entrusted to Technical Committee PRI/22, Testing and analysis of rubber.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
