

Solid (monobloc) gear hobs with tenon drive or axial keyway, 0,5 to 40 module — Nominal dimensions

ICS 21.200

National foreword

This British Standard is the UK implementation of ISO 2490:2007.

The UK participation in its preparation was entrusted by Technical Committee MCE/5, Gears, to Panel MCE/5/-/3, Gear forming tools.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 December 2007
