

BS ISO 26683-1:2013

BSI Standards Publication

Intelligent transport systems — Freight land conveyance content identification and communication

Part 1: Context, architecture and
referenced standards

National foreword

This British Standard is the UK implementation of ISO 26683-1:2013.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Road transport informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
