

BSI Standards Publication

Milk and cheese — Determination of hen's egg white lysozyme content by high performance liquid chromatography

National foreword

This British Standard is the UK implementation of ISO 27105:2016. It supersedes DD ISO/TS 27105:2009 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/5, Chemical analysis of milk and milk products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
