

BS ISO 28002:2011

BSI Standards Publication

Security management systems for the supply chain — Development of resilience in the supply chain — Requirements with guidance for use

National foreword

This British Standard is the UK implementation of ISO 28002:2011.

The UK participation in its preparation was entrusted to Technical Committee SME/32, Ships and marine technology - Steering committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
