

BS ISO 29903:2012

BSI Standards Publication

Guidance for comparison of toxic gas data between different physical fire models and scales

National foreword

This British Standard is the UK implementation of ISO 29903:2012.

The UK participation in its preparation was entrusted to Technical Committee FSH/16, Hazards to life from fire.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
