Iron ores — Determination of the moisture content of a lot

National foreword

This British Standard is the UK implementation of ISO 3087:2020. It supersedes BS ISO 3087:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/58, Iron ores.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
