

BSI Standards Publication

Road Vehicles — Test scenarios for automated driving systems — Specification for operational design domain

National foreword

This British Standard is the UK implementation of [ISO 34503:2023](#).

The UK participation in its preparation was entrusted to Technical Committee AUE/15, Safety related to vehicles.

A list of organizations represented on this committee can be obtained on request to its committee manager.

The UK committee advises users that [PAS 1883:2020](#), *Operational Design Domain (ODD) — Taxonomy for an automated driving system (ADS) – Specification* will be revised to provide guidance for the effective implementation of [BS ISO 34503](#) in the UK.
