

BSI Standards Publication

Road vehicles — Safety glazing materials — Test methods for resistance to radiation, high temperature, humidity, fire and simulated weathering

National foreword

This British Standard is the UK implementation of ISO 3917:2016.

The UK participation in its preparation was entrusted to Technical Committee AUE/1, Vehicle lighting and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
