Rubber, raw natural — Colour index test

National foreword

This British Standard is the UK implementation of ISO 4660:2011. It supersedes BS ISO 4660:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/23, Test methods for rubber and non-black compounding ingredients.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
